GRESHAM

WELCOME

As one of the UK's leading designers and manufacturers of workplace furniture, our portfolio encompasses office desking, seating, storage and screens plus conference, leisure and breakout collections, offering a holistic solution to your furniture requirements.

We are proud to showcase our extensive collection of products combining design, quality and functionality from a **'True UK Manufacturer'**. The latest additions and unique styles complement our established ranges and offer solutions for all environments. Due to our manufacturing capability we can also offer bespoke products to suit your exact requirements, therefore if you do not see the product or style you require, please contact our Sales Office.

OUR STORY

PRODUCT DIRECTORY

WE HAVE BEEN DESIGNING WORK SPACES AND FURNITURE SINCE **1976**.

We employ more than 250 people based at our 200,000sq ft office and factory space in Greater Manchester. Our 'Investors in People' award demonstrates how much we value our workforce. They are expertly skilled to design, produce and install superb workspace furniture. Owned and run by family members, we are proud to be a 'True UK Manufacturer' and share with you the benefits of high quality British goods. As well as clients across the UK, we also export our products internationally.

Since most of us spend many hours each day at work, it is important that we feel both comfortable and happy within that working environment. At Gresham, we consider every aspect of our workspace furniture, through concept and detailed design, prototyping and testing, through to production, assembly and despatch - all backed-up with our dedicated Customer Care team. All of this happens under one roof at our state-of-the-art headquarters in Bolton, with all of our teams working together to ensure we supply the best products and services to you.

Made in Britain brings together the British manufacturing community, united with the use of the registered collective mark. The mark is protected and can only be used by members of Made in Britain that meet the criteria we set to guarantee the member is a British manufacturer.

Gresham is proud to be a member and support the aims and objectives of the trade organisation ACID (Anti Copyright in Design). All of Gresham's designs are supported by ACID through their Copyright & Design Databank and ACID Marketplace.

All intellectual property rights existing in our designs and products (and in the images, text and design of this marketing material) are and will remain the property of Gresham Office Furniture. Any infringement of these rights will be pursued seriously.

DESIGN WITH YOU IN MIND

PRODUCT DIRECTORY

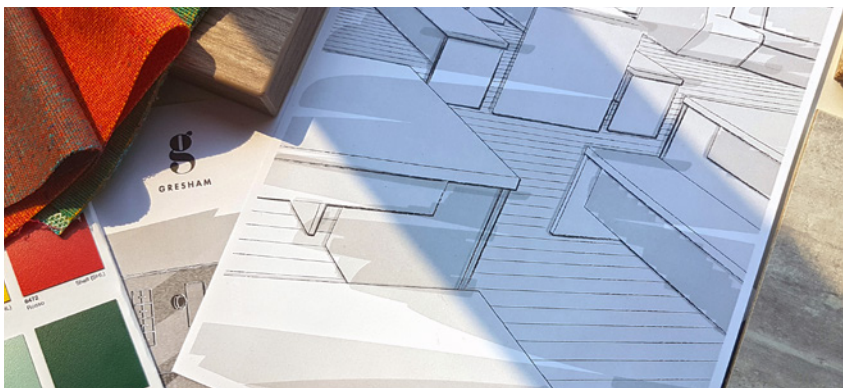

GRESHAM DESIGN

Gresham works with some of the finest designers to create individual pieces that reflect your personality and enhance your workspace. The company's in-house team boasts experienced designers with backgrounds in Product Design, Industrial and Furniture Design, Design Engineering, Interior Design and Graphics, to name but a few.

Based at our Bolton studio, our team come from a myriad of disciplines, bringing their expertise to create inspiring designs. Whether for mainstream products, special variations or totally bespoke solutions, we provide a complete service from concept through manufacturing to presentation and hand-over. Working in a high-pressure commercial environment, our team needs to balance creativity and flair with quality.

We continually explore innovations in technology, materials and processing, as well as keeping abreast of style, popular colour trends and the ever-adapting workplace. It's all about getting it right.

CAD FILES

GRESHAM CREATE OUR CAD FILES FOR USE WITHIN AUTOCAD, REVIT, PCON PLANNER, SKETCH UP AND 3DS MAX.

Gresham support our clients by implementing the BIM approach to all of our projects.

BIM (Building Information Modelling) is a collaborative way of working allowing different sectors to work on one central model. This process means that Architects, Specifiers and Planners can work smarter, faster and cheaper by sharing standardised design information.

PCon Planner and SketchUp are 3D CAD software packages that are free to download and can be used for planning. They are fast becoming the industry standard which is why we create our portfolio in this format. We upload all of our models to 'The 3D Warehouse' - the world's biggest resource for free 3D CAD models.

INSTALLATION

All installations are undertaken by highly trained & experienced staff at times to suit you. All packaging is removed from site and returned to the factory for recycling.

LOCAL SERVICE

We provide you with peace of mind that you can access products locally from a renowned manufacturer.

PROJECT MANAGEMENT

We provide total Project Management from initial enquiry through to installation. A single point of contact ensures efficiency and avoids tying up your own valued resources.

ERGONOMIC TRAINING

We provide on site ergonomic training to make sure users are familiar with our products ensuring correct seating and posture.

ENVIRONMENT PRODUCT DIRECTORY

FSC® FOREST STEWARDSHIP COUNCIL®.

Its purpose is to promote responsible management of the world's forests through developing standards, a certification system and trademark recognition. The process of tracking a product back to forest is called "Chain-of-Custody (COC) Certification. Through the COC, companies can demonstrate their commitment to the environment and responsible material sourcing.

Over 99% of the Melamine Faced Chipboard used in the manufacture of office and leisure furniture has been sourced from FSC® certified suppliers.

The 1% remaining material, although not FSC® is sourced from non-controversial sources. No trees are cut down specifically to produce MFC.

The mark of
responsible forestry

REDUCING CARBON EMISSIONS.

We are committed to reducing our carbon footprint by instigating strategies which will reduce the use of fossil fuels and the amount of greenhouse gases produced by our processes. We continually invest in state of the art equipment to make manufacturing more efficient. We recycle our waste, reducing landfill and continually update our fleet of vehicles to ensure the latest engine technology is employed.

THE PRICE OF GREATNESS IS RESPONSIBILITY

At Gresham we continue along our sustainability journey, we are continuously looking at ways to improve our sustainable and environmental targets. Within our core business strategy and working with our supply chain, we apply the 5 R's:

REFUSE

We look to refuse single use plastics where possible, request reusable packaging or returnable containers. Our purchasing team work with suppliers to continually align them with our standards and expectations.

REUSE

In an effort to reduce waste, we look to reuse items where possible. Packaging can have a major impact in a 'throw away culture' and by reusing multiple times, we can reduce the need to continually produce more packaging.

REDUCE

We look to reduce our dependency on wasteful and non-recyclable products. Promoting the minimum amount required to avoid unnecessary waste. Material nesting and optimisation software is used, ensuring optimal use of board at the machining stage, reducing waste.

REPURPOSE

If we can't refuse, reduce or reuse an item we'll then look to repurpose where we can. Working with our partners, we upcycle our waste materials from our production process. We support many projects, including supplying primary schools with arts and craft materials.

RECYCLE

With 100% waste diverted from landfill, our last but definitely not least important R is recycling. Waste streams are identified, segregated and recycled (polythene, cardboard, white paper, steel, aluminium etc). Board process waste is incinerated, and the energy generated is used to heat the facility. Packaging waste is returned from customer premises and re-used or recycled.

ACCREDITATIONS & CERTIFICATIONS

MESA & MESA PLUS DESKING

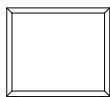

10 Year
Guarantee

Desking

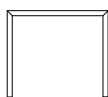

Mesa and Mesa Plus are stripped-back Bench desking ranges that combine strength with ease of assembly and use. Both feature 45mm scalloped tops for cable access and shared componentry for cost effective cluster solutions. Two distinct leg versions are available for Mesa and Mesa Plus.

Leg styles

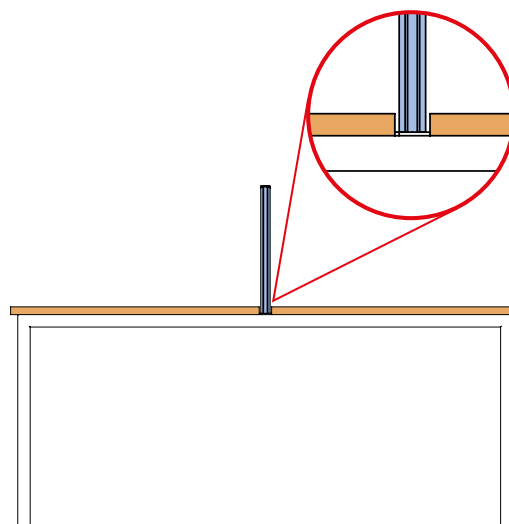

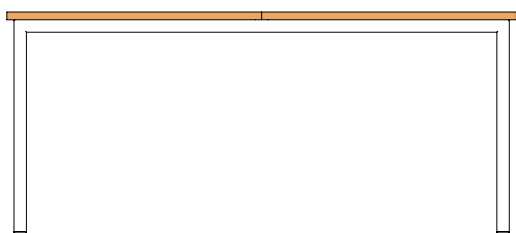

Codi leg prefix
code with C

Straight leg

Codi leg not available on double sided add-on units.

MESA

Mesa can be used with and without GOF screens.
All screens sit on desk worksurfaces and fixing brackets are visible. Will require user modifications.

For GOF Desktop Screens see the
Screens Section of the Product Guide

MESA PLUS

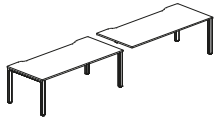

Mesa Plus screens sit between desk worksurfaces and fixings are discreet, keeping top panels clear.
Mesa Plus cannot be used with GOF screens.

For Mesa Plus Desktop Screens see the
Screens Section of the Product Guide

Scallop Top Back to Back Rectangular Desks with Angled Legs

**Information - Cable tray positions**

All Bench Squared cable trays come complete with brackets.

Cable trays are sold as standard with Access Top and as optional extras to Fixed & Scallop Top desking. They need only be specified where required for Fixed and Scallop Top. Depth of brackets must be specified for all Bench² cable trays including Access Top. Cable risers and spines fit to Access, Fixed & Scallop Top desking.

Please note: Only 555 High under desk pedestals fit underneath increased depth cable trays.

- Extra deep modesty panel available (57mm from floor) (subject to £65 surcharge). Suffix code with -FD.
- Not available on X10 Desks / Workstations

Desk shown with D2000 Deskit endframes & full depth modesty panel. Example: KVD168FD

Cut Back Endframes

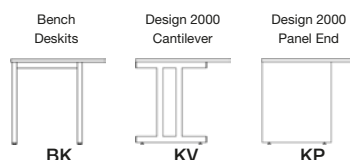

Cut back endframes for 800d desks can be used to help create additional leg space when desks or workstations are used together. Cantilever frames are best for this. They are offered in Left or Right hand options and are supplied with all necessary fittings and desk to desk link brackets. It is recommended that full end frames are used at the end of runs.

RISE SIT/STAND DESKING

- The Rise family of products, including Rise, Rise Lite and Rise Squared, has been designed to bring true sit/stand capacity to the ever-changing workplace.
- Each model can quickly be adjusted to suit users' height requirements whilst offering both health and lifestyle benefits.
- Available in our most popular footprints and with a selection of control options, Rise offers simple flexibility.

Available Frame Colours

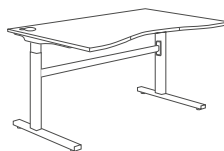

Maximum Load
Per Top (evenly distributed)

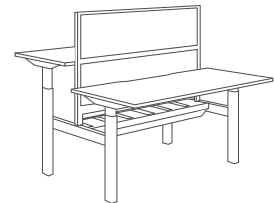

RISE LITE

Rise Lite is a cost-effective version of Rise with no cross bar and a Type A control panel. Rise Lite can be dressed for the occasion with a selection of optional accessories, such as cable trays, spines or modesty panels.

RISE

Rise is a stand-alone desk with a cross bar for enhanced stability. It has cable management and accepts desktop accessories. Cable baskets with cable risers are available to allow for fluid mobility, along with fixed CPU holders.

RISE SQUARED

Rise Squared is a premium bank of two desks back to back, integral cable control, split by a two-tier screen. Both desks have a scalloped top for cable egress and accepts desktop accessories.

Rise 120 Degree Workstation

RISE LITE SIT/STAND DESKING

Rise Lite Rectangular

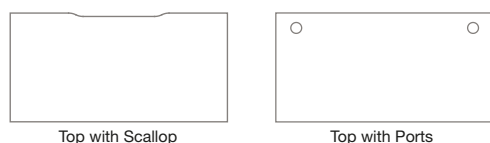

Needing a desk or a table, Rise Lite keeps it simple. Fluid and versatile; allowing users to take control of their environment.

- Delivered and installed fully assembled
- A cost effective version of Rise Sit/Stand Desking
- Available with Type A control panel
- No cross bar

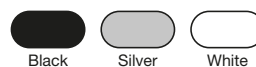

How to specify

1. Select Product / Code with plain top
2. If Ports are required, suffix code with P
3. If Scallop required, suffix code with S

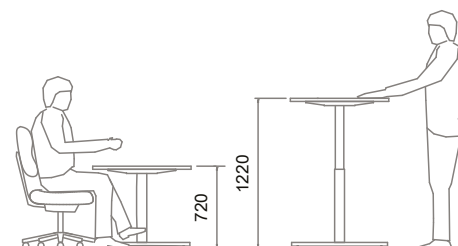

Example: HDLS14S - 1400
Rectangular Desk with scallop top

Available Frame Colours

ELECTRICAL INSTALLATION GUIDE

DESKING

Electrical Installations within Office Furniture, Educational Furniture and Office Screens

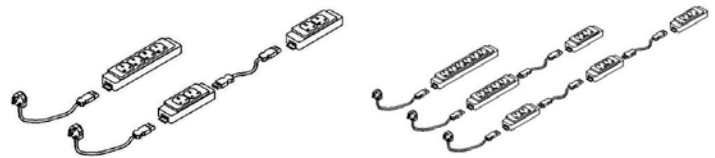

This information is intended to help when specifying power distribution systems in furniture and is based on BS 6396: 2008 + A1 2015. Please refer to this standard for more information. It is recommended that all installations be completed by a suitably skilled person and that all equipment meets the pertinent standard criteria.

Examples shown are based on single-phase electrical distribution system with rated voltages up to 250 V a.c. connected to the building's supply by a 13A UK plug, conforming to BS 1363.

Under Desk Modules

When individually fused at **5 A max.**, no more than four sockets can be connected to a 13A single supply lead. These can be made-up of single 4-gang modules or 2-gang units connected with a lead.

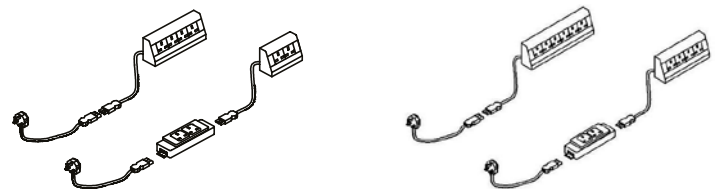

When individually fused at **3.15 A max.**, no more than six sockets can be connected to a 13A single supply lead. These can be made-up of single 6-gang modules, 4-gang or 2-gang units connected with leads.

Under and On Desk Modules

When individually fused at **5 A max.**, no more than four sockets can be connected to a 13A single supply lead. These can be made-up of single 4-gang modules or 2-gang units connected with leads.

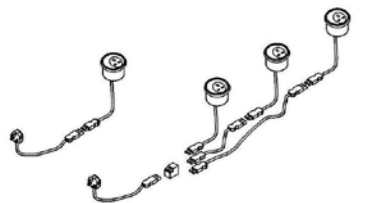

When individually fused at **3.15 A max.**, no more than six sockets can be connected to a 13A single supply lead. These can be made-up of single 6-gang modules, 4-gang or 2-gang units connected with leads and connector blocks.

Under desk modules that are fitted with data outlets cannot be interconnected.

Through-Desk Modules

When including UK power sockets, follow the same rules as under and on-desk outlets. Consideration should also be given to the overall cost. If there are enough sockets for the starter cables, then it may be simpler and more cost effective to use starter leads than connecting to a single starter cable using connector leads and blocks.

USB Charging Modules

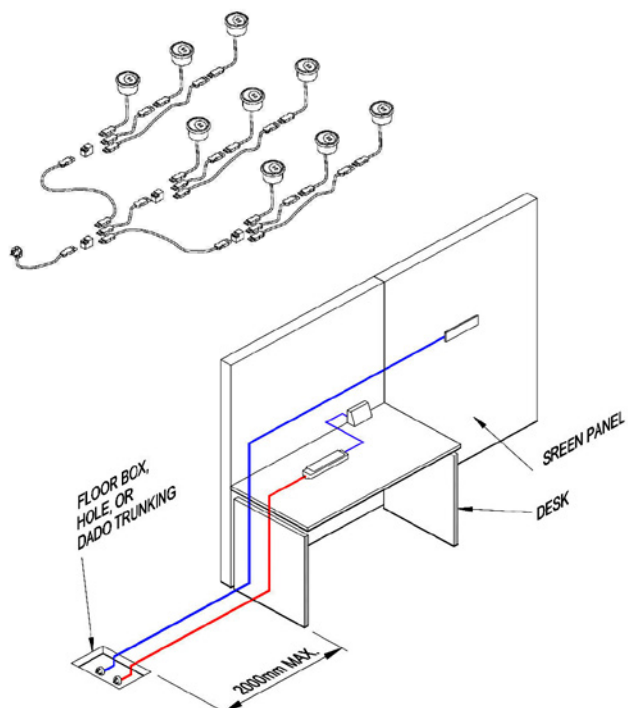

These units only provide a fraction of the current compared to UK power sockets and when used separately from other outlets can be 'daisy-chained' together to a maximum of **60 No. units** from one starter lead, connector leads and blocks. Best practice is to reduce the amount of connectors where possible.

On selected modules, twin USB fast charge now consist of a USB-A and a USB-C socket. The USB Type C connector is now being adopted by all the major manufacturers of mobile devices (phones, tablets, etc) and has already been incorporated into some laptops. This is not only because of its small form factor and the fact that it is reversible, making it simpler and easier to use, but also because it enables significantly faster charging than was possible with the USB Type A connector, whilst at the same time (for relevant devices) replacing all former AV/data connections, such as VGA, HDMI, USB-A, RJ45.

Where shown, modules with a twin USB outlet will provide both the new USB-C port, for enhanced fast charging of compatible devices, plus a USB-A for charging legacy devices - suiting users with any USB powered device old. ® Denotes new style reversible Type A & Type C fast charge with replaceable cartridge.

Exposed Power Cables

When all the outlets are connected and the Starter Cable is plugged into a power supply, any exposed length of supply cord must not exceed **2 metres** in length.

ELECTRICAL ACCESSORIES

DESKING

On and In Desk Modules

All on-desk or in-desk modules containing electrical outlets are supplied with a short lead to a male Wieland GST plug. These can be connected to an under-desk module, a connector lead / block or a starter cable – sold separately. Data modules, including RJ45, HDMI & data USB are hardwired to a 3 metre lead fitted with an appropriate connector.

Under Desk Modules

All under desk modules require a connector lead or a starter cable.

Please check with our Sales Department for fitting Power Modules to Bench Desksits.

Safe Electrical Wiring

For all types of power modules, please refer to the installation guidelines.

KULTURE LAMP

DESKING

Inspired by the fluidity and formlessness of water droplets, Kulture Lamp delivers maximum functionality. Kulture Lamp features fluid motion and ultra flexibility. It can be posed in a multitude of ways, making the 17" high lamp one of the most flexible lights on the market. The curved, droplet-shaped LED head reflects the root of its inspiration and the unusual split arm design acts as a power transmitter and creates a smooth, minimalist silhouette. Kulture Lamp is also available in a section of quirky finishes to provide a pop colour and features a built-in USB-A port for charging devices.

Please note through mount Kulture Lamp can be used on selected desks & tables only. **(user modification required)**

Please contact our Sales Dept. for further information.

SCREENS

MIRAGE TREES SCREENS

5 Year
Guarantee

Inspired by the surrounding nature, our class A sound absorbing tree shaped panelled screens are perfect for any environment. When put together, the panels take on the shape of a forest: made even more realistic and evocative by the fact that the panels can be chosen in the typical colours of the leaves in spring, summer and autumn. Putting several panels together allows them to be used as a partition wall, to divide up - even on a temporary basis - work areas or dining areas, or to create genuinely private spaces in order to create small lounges or meeting rooms. Featuring an elegant design, a highly practical dividing function.

MIRAGE LITE SCREENS

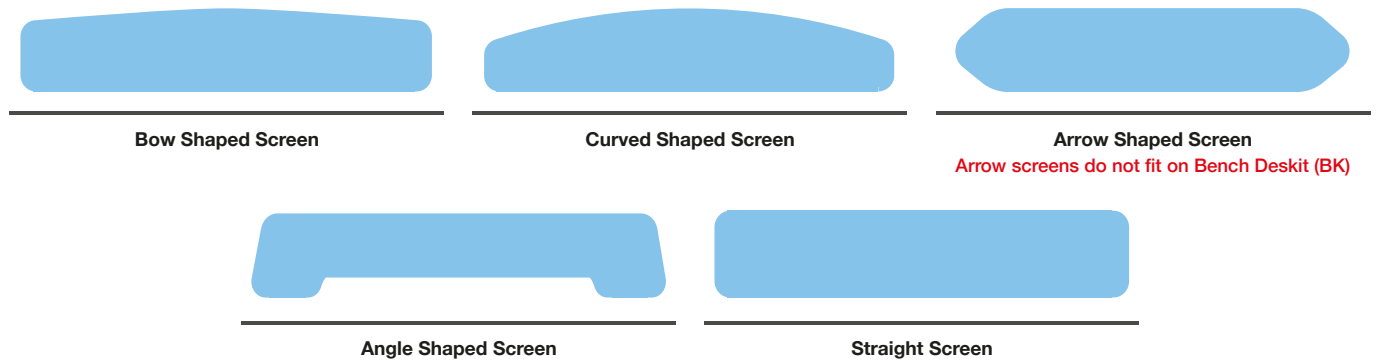

Mirage Lite is a 28mm thick, non-pinnable frameless desk top screen system that is designed to fit to Gresham 25mm thick worksurfaces. The range is available in five distinct profile shapes and all screens are supplied with brackets that allow them to be simply fitted into place.

These slim-line screens can be upholstered in a choice of vibrant fabrics that not only help to delineate user space but also can add colour highlights in modern workspace environments. Tackable versions are available for a surcharge.

Additional Information:

- Frameless design.
- 28mm thick frameless upholstered screens.
- Brackets available in Black, Grey, Silver or White.
- Available in five unique designs.
- Fit to front/rear edge of desks/workstations.
- **Note 'Arrow' screens do not fit on Bench Deskit (BK).**
- For Tackable version, please prefix T onto front of code i.e TML1804-2/1. Surcharge £96 per screen.

Screw fixings supplied

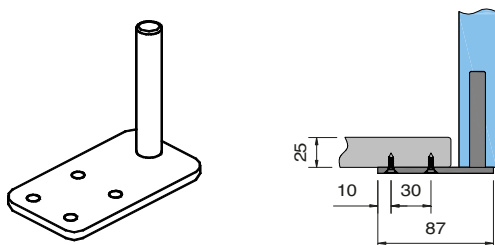

For use on the following:

- Bench² Fixed Top (Double Sided)
- Bench² Scallop Top (Double Sided)

Suffix screen code with /4

Example of code = TML1604-2/4

(Mirage Lite 1570 x 380 Curved Tackable Screen with Type 4 brackets)

RETURN DESKTOP SCREENS

The Mirage Lite Return Screen is designed as an interference fit, so it can be installed and removed several times on a desk top as standard. A metal bracket fixed into the jaw is shaped to contact the desktop at a single point. The bracket creates an undersized gap, but flexes to ensure tight fitting. The second contact point is from the wooden jaw of the screen, this is not structural, just offering some stability. The bracket after time may be pushed down past its elastic point, and could require a slight adjustment back into its original shape to reinstate a tight fit, a gentle pull upwards should achieve this. The screens are designed only as a partition, not a location for accessories to be fitted. They are designed only to support the mass and forces of the screen itself, not anything additional such as people leaning, pushing or twisting once in situ.

Desk Mounted Screens fit all Gresham desk ranges and are inclusive of brackets. When ordering, suffix the screen code with bracket type.

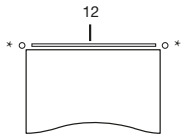

How to specify -

- 1: Identify desk range
- 2: Select screen position (see diagrams)
- 3: Identify screen length & type
- 4: Add bracket suffix to screen code

Example of use -

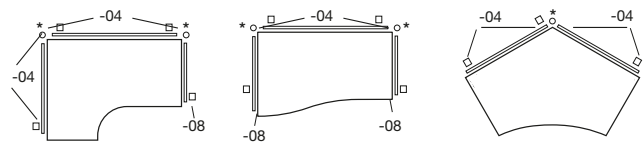

1 1600 Deskit Workstation rear screen VSDF164-20

Bench² Access Top * Requires link post

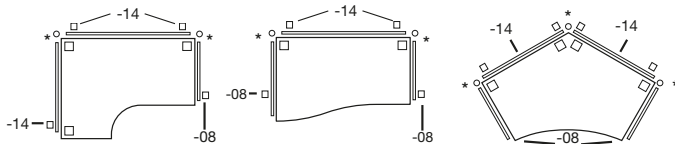

Bench² Scallop Top * Requires link post

If used with Bench² over desk shelving, please substitute -04 brackets with -14

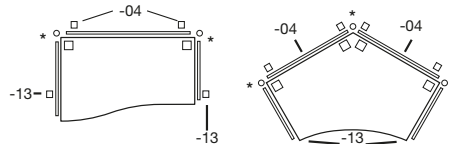

* Requires User Modification

Bench² Fixed Top * Requires link post

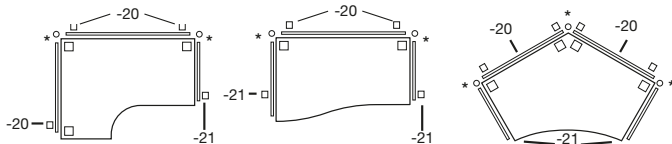

Mesa * Requires link post

* Requires User Modification

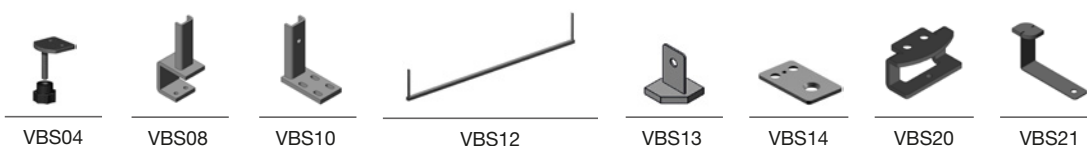

Deskit * Requires link post

Desktop Screen Brackets

- 04 Mesa, Bench Scallop configurations (supplied in pairs).
- 08 Bench² Fixed, Scallop Top configurations - 1000 side - 800 sides (supplied singularly) - Jaw size 17mm - 32mm.
- 10 Can be used on any range (supplied singularly)
- 12 Bench² Access Top screen support rail - singular.
- 13 Mesa & Mesa Plus - 800 side & 600 return sides - (supplied singularly).
- 14 Bench² Fixed Top brackets - supplied in pairs.
- 20 Deskit configurations (supplied in pairs) - Jaw size 15mm - 30mm.
- 21 Deskit configurations - 1000, 800 & 600 Return screen for use on 25mm thick tops. Can only be used with rear screen and 4way post

Additional Information
Velcro Strips supplied as standard.

The workplace and the way we work are constantly evolving. We are continually required to create new spaces within existing environments with an increasing demand on sound absorbency. To meet this demand, Gresham Acoustics are available as a sound absorbing wall or ceiling mounted tile.

The hand crafted nature of the manufacturing of Acoustics allows any shape or size to be created, leaving no limitation to the product, only your imagination. This flexibility is embedded within the product in all forms including size, thickness, shape, fabrics and uses, all of which can be tailored to your exact requirements.

With limited floor space available in offices, empty walls or vertical surfaces can be used to absorb unwanted noise to help staff concentrate. Wall tiles, colours, patterns, texture, shape and tessellation can be introduced to otherwise plain and commonly white spaces while providing the dual function of sound absorption. Consider covering not just walls, but cupboard backs, doors and pillars.

Group G	Squared Edged 36mm Laminate Face

Edging Options

Squared Edge

Laminate prices shown are for our Kiko range of laminates. Fenix and Filafo laminates are available for a surcharge.

- Selected tables can be specified with 80 diameter circular cable ports or cut outs that can be used to access either cable trays or spines beneath the work surface. They are positioned to avoid the underframes and can be fitted with a selection of service modules - specified separately.

How to order Tables with/for power modules:

- Choose required power module.
- Make a note of the code & type of opening required (P, C1, C2 etc).
- Choose table range.
- Refer to cable management section to see available cut out type and positions for the range.

- Make a note of the required table code with relevant cut out details (GTR2010ZC2 for example).
- Place order with relevant table and module code.

Note: cut out positions not shown may not be available due to frame restraints.

RELO TABLES

10 Year
Guarantee

A continuation of calm: Gresham introduces its new Relo table range. Crafted to seamlessly complement Gresham's Relo collection of rounded chairs, the new Relo table range supports designers in creating comforting, calming schemes. Mirroring the unmistakable curves of Relo, the tables offer a visual link back to their aesthetic inspiration; that of sea-smoothed pebbles and stones emerging from turbulent waters.

Available in 9 variations, versatility is offered as standard. From larger, two-tiered designs to smaller options, there's a combination to suit all contemporary spaces. The circular tabletop is created from MFC (Melamine Faced Chipboard), and the statement 20mm geometric steel frames can be chosen in Black, White, Grey or Silver.

Tables

iMedia units are tables designed for collaborative work, presentations and informal meetings. They can be used to mount display monitors, house I.T. equipment and promote connectivity.

- Available in three footprint styles, three lengths & two heights.
- Supplied with equipment cabinets to the front and rear.
- Can support up to 42" monitors (not supplied).
- Fitted with 36mm MFC Tops.
- Available with a selection of optional fitted fascia modules, see below.

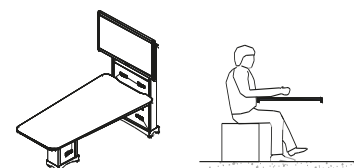

How To Specify

1. Select Base Code
2. Add suffix letter of service module if required
3. Order complete table

Example of code: IMA2210HC
(Angular Shaped Table with Type C module)

Stand Height (Poseur) - 1040h

Sit Height (Dining) - 740h

Module	Outlet Types/Quantities					
	UK POWER	CAT 6 DATA	2x USB-A TWIN USB FAST CHARGE	VGA & AUDIO	HDMI	SINGLE USB DATA
Type A	3	-	-	-	-	-
Type B	2	-	1	-	-	-
Type C	1	-	1	-	1	1
Type D	2	1	-	-	-	-
Type E	2	-	-	1	-	-
Type F	1	-	-	1	1	1

Optional Fascia Modules

All modules containing electrical outlets are supplied with a short lead to a male Wieland GST plug. These modules are available in Black, Silver or White and require a starter cable – sold separately. Data modules, including RJ45, HDMI & data USB are hardwired to a 3 metre lead fitted with an appropriate connector. Suffix code with relevant letter.

Please note, prices are retail and include delivery. Installation is 5% of the nett value, with a minimum value of £471 nett. During normal working hours, Mondays to Fridays. Tables are supplied in packs for assembly on site. Access should be checked and confirmed. Top packs are supplied in one piece. To aid access, these can be supplied in shorter sections with split joints. **Surcharge per table: £626**

GD10 Table with Vapour Linoleum Top

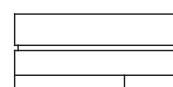

The GD10 poseur table sits slightly higher than a typical wooden dining table, offering a modern alternative to conventional lounge or collaborative seating. The piece offers a generous table top and is available in a range of dimensions, suitable for your space and needs. The GD10 poseur table can be enhanced with a number of optional features to improve productivity, including lighting and power, storage, shelving, cable organisation and service module solutions.

GD1 POSEUR TABLES

10 Year
Guarantee

This striking family of tables brings both sophistication and functionality to breakout spaces, agile working areas or places where you simply want to connect for those 'away-from-desk' activities. Available in two height variations and a selection of footprints and finishes, GD1 is at home in any working landscape. The elegantly angled legs are produced in solid wood with an option for cleverly concealed cable control. Worksurfaces have softened corners and can feature integrated modules that bring all necessary services to each user.

Leg Options

Natural Black

Additional Information

Available in a variety of finishes including non-standard MFC and laminate. For alternative finishes or service modular options please contact our sales team.

Key

'Powered'

Refers to tables with integral cable management within two legs, cable covers to the underside and fitted with 2No Back-Flip through desk modules, each with 2 UK power and single USB-A fast charge sockets.

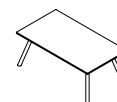

'Cable Managed'

Refers to tables with integral cable management within two legs.

'Non-powered'

Refers to tables without cable management or service modules.

GD1 Dining

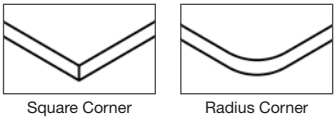

Betibo Blu

A member of the Betibo coffee table family, the Blu Table sits best at a room's centre. Whether in a lounge, casual meeting space or reception area, the low-level design sits at the ideal height for practicality. From drinks to documents, the two pieces in this range (800x800x330 and 1200x800x330) offer subtle support. Choose from leg options including Oak Stained, Black Stained and Dark Walnut. And tabletops with either a radius or square corner, and in our standard MFC or a laminate finish.

Available Frame Colours

Betibo Baku

The Baku Table – part of the Betibo family of coffee tables - was designed with contemporary spaces in mind. Minimal in aesthetic, the highly versatile pieces suit any interior setting, bringing people together, whether in a work, social or family context. Use as a standalone solution or combine multiple sizes and heights to create a functional feature. Leg options include Oak Stained, Black Stained and Dark Walnut. And tabletops come with either a radius or square corner, and with our standard MFC or laminate finish.

Betibo Barrier

Further bolstering the Betibo family of coffee table solutions, the Betibo Barrier Table in dining and poseur height options allows you total flexibility. In the workplace, the regular style makes the perfect meeting table. And in a hospitality venue, the taller format pairs with stool seating to offer a casual yet comfortable arrangement. The dining tables range from 800x800x730 to 1800x800x730, while the poseur tables start at 800x800x1040 and scale up to 1800x800x1040. All designs in the Betibo family include Oak Stained, Black Stained and Dark Walnut leg options. Tabletops come either with a radius or square corner, and our standard MFC or a laminate finish.

MOMENT CANOPY

TABLES

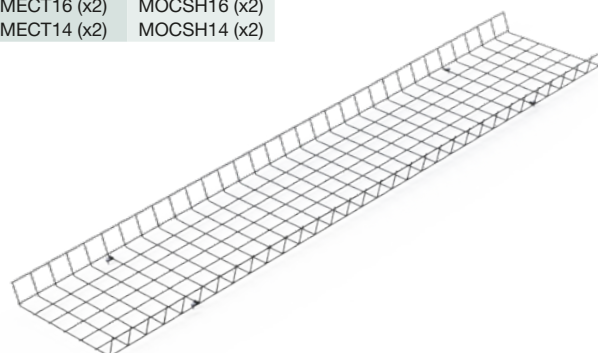

Introducing Moment Canopy - the newest addition to our popular Moment steel table range. With dining, Poseur, or a combination of both options available, you'll find the flexibility to choose the perfect fit for your needs. The Moment Canopy comes in starter and add-on formats, and some options even allow for castors, making them mobile and easy to move around your space.

Take advantage of the optional extras, including power, an upper shelf, or a wire basket to enhance both lighting and biophilic options. You can truly customize your Moment Canopy to create a unique and functional workspace. With its sleek and modern design, the Moment Canopy is sure to elevate the style and functionality of any workspace.

Angled Leg Coffee Rectangular Table

Introducing Deck, a timeless bench table and seating collection that boasts effortless sophistication and stylish simplicity. With its crisp, clean lines and distinctive finishes, the Deck collections' versatility can perfectly fulfil modern workplace requirements.

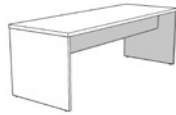

The Deck collection is an ideal choice for office and leisure environments - whether used for hot-desking, corporate meetings or communal dining. Its flexibility facilitates individual work and collaborative discussions, while making it even easier for employees and executives alike to move seamlessly from one activity or project to another. The Deck collection saves time and space when both are limited - it is the obvious choice for any working environment.

This refined collection can be extensively customised to fulfil the needs of your space and it is available in a range of specifications. These include options for sitting or standing height models, various end frame materials and customisable unit dimensions. The Deck collection makes use of your entire landscape and can be offered in an almost limitless combination of surface finishes. In fact, each bench or table unit can be created to your preferences or made to satisfy unique corporate requirements.

Whether you'd like a classic wood effect, vibrant block colours or funky patterns this family of furniture will help you to make a statement and enhance every inch of your space.

Deck Mitred Edge with Single Laminate

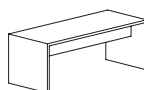

Deck Mitred is the premium product within this collection. It incorporates traditional joinery skills and hand-applied finishes. Choose from an array of laminate finishes that can be uniform or specified as two-toned, single colours or patterned relief. These variations enable the model to complement its surroundings, stirring emotions and adding a sense of theatre.

Deck Poseur Height MFC

The Deck Steel model combines the features of the panel ended and inset models, by allowing users to sit all along and around the work surface, without the structure impinging on their leg space. Its lightweight yet robust frame is fully welded and offers an additional opportunity for users to introduce metallic colours into the working landscape, while remaining cohesive with adjacent furniture from different ranges. Deck Steel frames boast minimalistic style and clear air circulation within open-plan areas. Each model is available with sitting and standing height work surfaces, with matching bench seating.

LS3410CD + Vona chairs

GC4 is a select family of tilt-top tables that feature elegant styling on complementary mobile and static frame designs that look great in any working landscape.

The mobile units are designed with the frames positioned to the ends of the table to allow users to sit comfortably to both sides. The static versions have inset frames, allowing users to sit to all sides.

BASE FINISHES

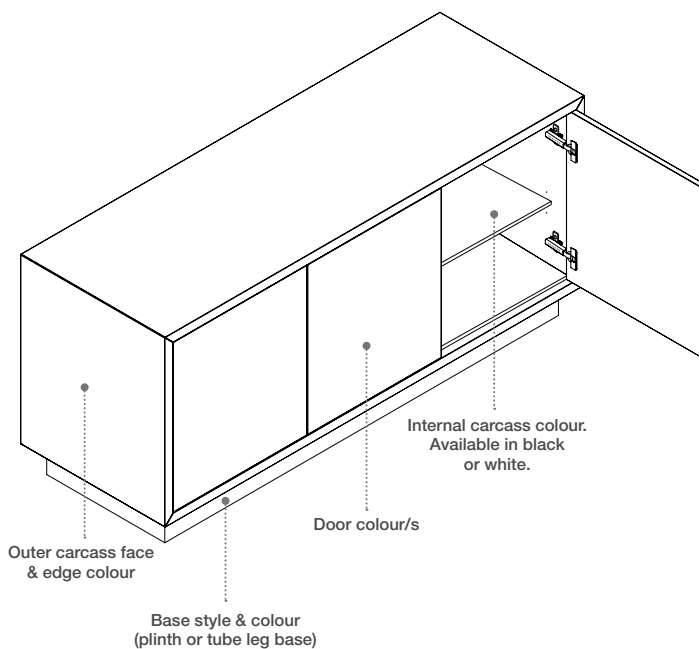

Choose from two base options to suit your taste and space.
Available with a colour matching plinth base, or with a tube leg base.

PLINTH BASE
See FENIX® laminate finishes.

TUBE LEG BASE

Storage

FENIX® FINISH OPTIONS

Created with proprietary technologies, the external surface of FENIX® is characterised by the use of next generation acrylic resins, hardened and fixed through an electron beam curing process. This makes you experience unique features. At first glance, the super-matt surface makes for a striking appearance. By touching it, you feel how pleasantly soft the surface is, with the further surprise of leaving no fingerprints. Thermal healing of superficial micro-scratches is also possible.

Full list of colours available on page 366

KULTURE CABIN PODS

Introducing the Kulture Cabin Designed by Jo Day - a comfortable and private pod designed for one person, perfect for creating a distraction-free zone in a busy open plan space. With its sleek and modern design, the Kulture Cabin is both functional and stylish. Equipped with a power module that includes a 3 pin plug and twin USB fast charge, a reading light with multiple settings, and an additional USB-C charging point, the Kulture Cabin provides all the essential amenities for a productive workspace.

Additionally, the interior of the pod is lined with a sound-absorbing grooved PET felt, reducing background noise and ensuring confidentiality.

The Kulture Cabin is the perfect solution for individuals seeking a private workspace without sacrificing style or functionality. Whether for work or leisure, the Kulture Cabin provides a comfortable and distraction-free environment, helping you stay focused and productive.

Product Features

Please Note: PET felt only available in Grey. MFC shell available in any of our standard MFC finishes.

MIRAGE PODS & GE MOBILE

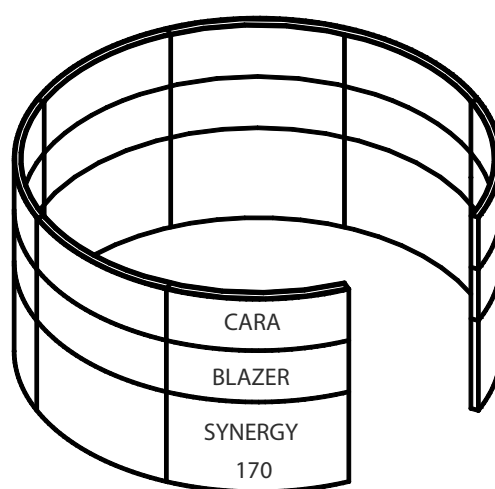

Mirage Pod fabrics differ from our standard fabric bands. Fabrics for these products have a laminated foam backing that increases sound absorbency. A number of fabrics for Mirage Pods are available as shown.

Mirage Pods can have different tiered levels in alternative fabrics as illustrated below. If all the chosen fabrics are all from the same band, then please choose the relevant fabric band price. If the chosen fabrics are a mixture of bands, then choose the highest relevant fabric band price.

Other fabrics may be available on request - POA. Fabrics not shown may be subject to testing.

Example:

Workspace design has evolved over the decades to meet the changing demands of the workplace and the needs of the people who work in them.

Today, the very best contemporary workspaces are designed to provide not only functional efficiency, but be responsive to the needs of employees in terms of enhancing productivity and promoting personal wellbeing. Smart lateral thinking is required to create a multi-purpose environment that successfully achieves these goals, all within one singular space.

Able to transform a chaotic open plan spaces into an oasis of calm, where zones designed for privacy, for collaborative work, and for core activities function together seamlessly, the Mirage family of pods are the product of such thinking.

Mirage uses high quality materials to create aesthetically pleasing modular pods for employees to work in. Their carefully crafted panels and coloured trim reflects the purpose of each pod and how it will be used. Subtle, tranquil hues enhance quiet contemplation, for example, while bright, vibrant shades help to create a stimulating workspace that facilitates increased creativity and productivity.

As well as helping you to reorganise your office in order to make best use of existing floorspace, Mirage Pods also help to provide noise control for energetic working environments. Slimline panels can reduce noise levels by up to 30 decibels, meaning that private spaces remain private, while the acoustics in shared spaces promote great communication.

GOBI STUDY POD

Single occupancy Gobi pods provide quiet work areas that allow users to focus on specific tasks in an environment that minimises distractions caused by external noise. These pods are cosy, ergonomically designed, and perfectly suited for their purpose. You have the option of selecting modules equipped for either permanently based equipment or mobile devices, or both, depending on your requirements.

The most popular Gobi pods are of a two-tier height that works to create a protective cocoon around seated users. When standing, users are able to get a clear view of surrounding open plan areas. Gobi individual pods have a relatively small footprint, making them easy to place, and are also available in a slightly taller version, shaped like a phone booth, which has a roof plus perch points for users.

These taller pods also have a useful integral light that is activated as the user approaches the booth.

SONORAN WORK POD

Sonoran pods are designed to provide private, separate workspaces that can be clustered together in different configurations. They are ideal for housing team members or workers who benefit from being geographically close together but who still want to occupy an individual unit.

The integral work surfaces are generally straight rather than curved, giving the pods a streamlined appearance. You also have the option of adding service modules and cabling as required for permanently installed equipment, as well as for mobile devices. Configuring your Sonoran pods couldn't be easier. Select single-sided pods allow users to share walls or opt for a back-to-back layout if preferred. When clustered, these pods make the most of existing floor space, allowing you to provide workspace for a greater number of people per square metre.

Sonoran pods are extremely efficient and cost effective, requiring few components.

ATACAMA STUDY POD

If your workplace requires pod clusters that can function like hot desk stations, Atacama pods with shared components provide an ideal solution.

Each pod has a triangular shape, which allows for the creation of a zigzag footprint when clustered with other

Atacama pods, with each user being placed in the resultant zigzag corner. Work surfaces are designed to allow cabling to pass neatly through a cut-out space, and configured so that its possible to mount flat screen monitors or place desk top service modules within easy reach of occupants.

With smaller work surfaces than Sonoran pods, people are less likely to clutter up the tapered space with personal effects. Atacama is the ideal pod for workers who need everything to hand when they drop in for a short period of time before moving on. This is a highly efficient solution that maximises available space for a mobile workforce.

SAHARA MEETING POD

Shared workspaces need to be carefully structured to make the most of the available space, as well as enhance the type of activity taking place within them. Sahara pods are designed to create a multiple occupancy workspace that facilitates collaborative work in a quiet environment.

Thanks to its acoustic dampening function, whether you want to create a quiet collaborative working space, free from distractions within an open plan area, or a room in which lively discussion can be contained, Sahara pods can do both. The flexibility of the Sahara system means you can choose from a range of larger pods with options for the number of tiers required.

Single tiers can be used to delineate space, while units with additional tiers allow for increased privacy.

To create shared service areas for printers and photocopiers, simply use Sahara to encircle equipment and deaden the sound.

COLORADO MEETING POD

Colorado pods have gently curved walls, and are therefore ideal for creating layouts that are less angular and more fluid by design. Use of such aesthetics softens interior spaces, making them perfect environments for use as informal break-out areas, or as comfortable rooms in which to hold formal meetings and conference activities.

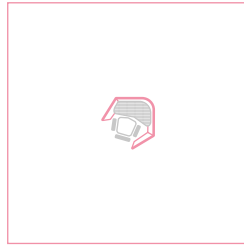

As with Sahara pods, additional tiers can be added to Colorado units for privacy purposes, and there is also the option to choose whether you'd like the pod to have one or two entry points. This might depend, for example, on the level of access you need, as well as on what type of activities you plan for the pod. Furniture options include soft seating, suitable for informal activities, and dining or meeting and conference furniture for more formal events.

You can structure Colorado pods exactly as you wish for specific activities, such as staff training sessions or briefings.

MIRAGE HUTCH PODS

5 Year
Guarantee

Designed in response to the needs of the contemporary workplace, our Mirage Hutch range not only offers functionality, but comprises a stylish office focal point, too. Available as either a two, four or six-seater pod, with a flat or pitched roof, this unique product can be customised to suit any space, and all interior styles. Choose to upholster your pod in one single shade of fabric, or pair two complementary or contrasting tones to create all-out statement. Height of all units is 2100mm.

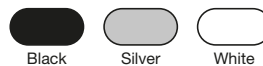

Optional Glazed Front

The Optional Glazed Front includes Hinged Glazed Door, air circulation and manifestations. Increases Overall Height on Flat Roofs to 2250mm and to 2300mm on Pitched Roofs. Increases Overall Depth by 100mm.

KULTURE HABITAT PODS

5 Year
Guarantee

Thoroughly fit for the contemporary workplace, our Kulture Habitat Pods respond directly to the needs of both employees and employers. Providing an adaptable space that can facilitate quiet 'heads down' tasks, small-scale collaboration, or group meetings, this is a beautifully efficient solution that can be made to fit all.

Personalise your Pod by choosing from a range of bespoke options, from single or half glazed and upholstered walls, to a canopy fitted with stylish, sound absorbent PET panels, and a booth with integrated table - there's a combination to suit every scheme.

Please Note: The Canopy and Booth are not available as standalone products. They must be used in conjunction with Kulture Habitat Glazed Pods.

Minimum recommended ceiling height 2600mm to accommodate air circulation on Kulture Habitat (height of pod does not include air circulation).

Canopy Pods

Limited space doesn't have to mean compromise. Our Canopy range allows a portion of the office to be separated for collaborative work, facilitating privacy and minimising disturbance to those situated close-by.

Standard Features

- Add-On Open Canopy with stylish PET panels, a material manufactured from recycled sources and has a great environmental story.
- PET is naturally sound absorbing so whilst refreshing an office environment you can help reduce reverberation at the same time.
- 12mm thick PET acoustically tested to ASTM C423-17 with NRC 0.80
- PET panels available in a variety of colours.

GRESHAM

BESPOKE

**GRESHAM
BESPOKE**

FROM CONCEPT TO COMPLETION

Gresham Bespoke design everything from scratch, starting with the earliest concept sketches through to the installation of our completed products.

From detailed technical drawings, we can manufacture and construct every component of a project on site, including meticulous testing and trialling to meet a briefs' specifications. This ensures that we only ever deliver the highest standard of quality bespoke products, that always stand the tests of time.

OUR PROCESS

BESPOKE

'The Devil is in the detail' and when supplying tailored solutions, it's all about getting every aspect right to meet your needs, in the timescales that suit you and at the right price.

CLIENT REQUIREMENT

1

Though we offer a huge selection of products within our standard portfolio, there's always a time when something different is required. This is where we listen to you and find out what you or your team need. This is where the wish list can be fine-tuned.

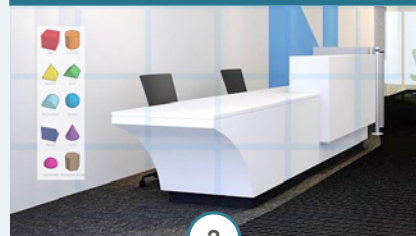

CONCEPTS

2

Whether starting from 'set-in-stone' specifications or a clean piece of paper, we discuss your requirements with you, offer advice and can quickly determine whether the solutions need to go down our 'Specials' or 'Bespoke' route; offering alternatives where possible. These can be simply illustrated to help communicate the ideas and formulate the plan of action.

DESIGN AND CGI

3

Once agreed, we develop the ideas into detailed designs that will meet all exacting standards. We understand, however, that some things are difficult to imagine, so as part of our service we can produce computer generated images of the suggested products shown in detail or placed within your workspace. Colours, textures, shapes and scale can all be shown, bringing the whole concept to life.

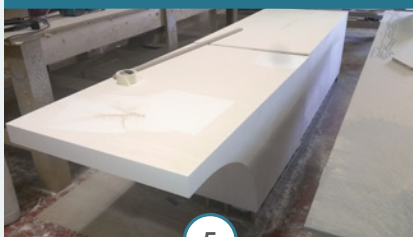

SITE TEMPLATE

4

We appreciate that real life can differ from concept, so when needed, members of our specialist team will visit site to confirm measurements or produce templates for manufacturing parts to ensure an exact fit during the installation phase. It's all about getting it right!

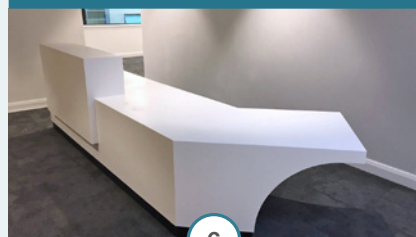

MANUFACTURE

5

Being able to draw upon our design experience, state-of-the-art manufacturing facility and combining this with our hand-crafted joinery expertise enables us to work with an enormous array of materials and processes. This allows us to turn those concepts into reality.

INSTALLATION

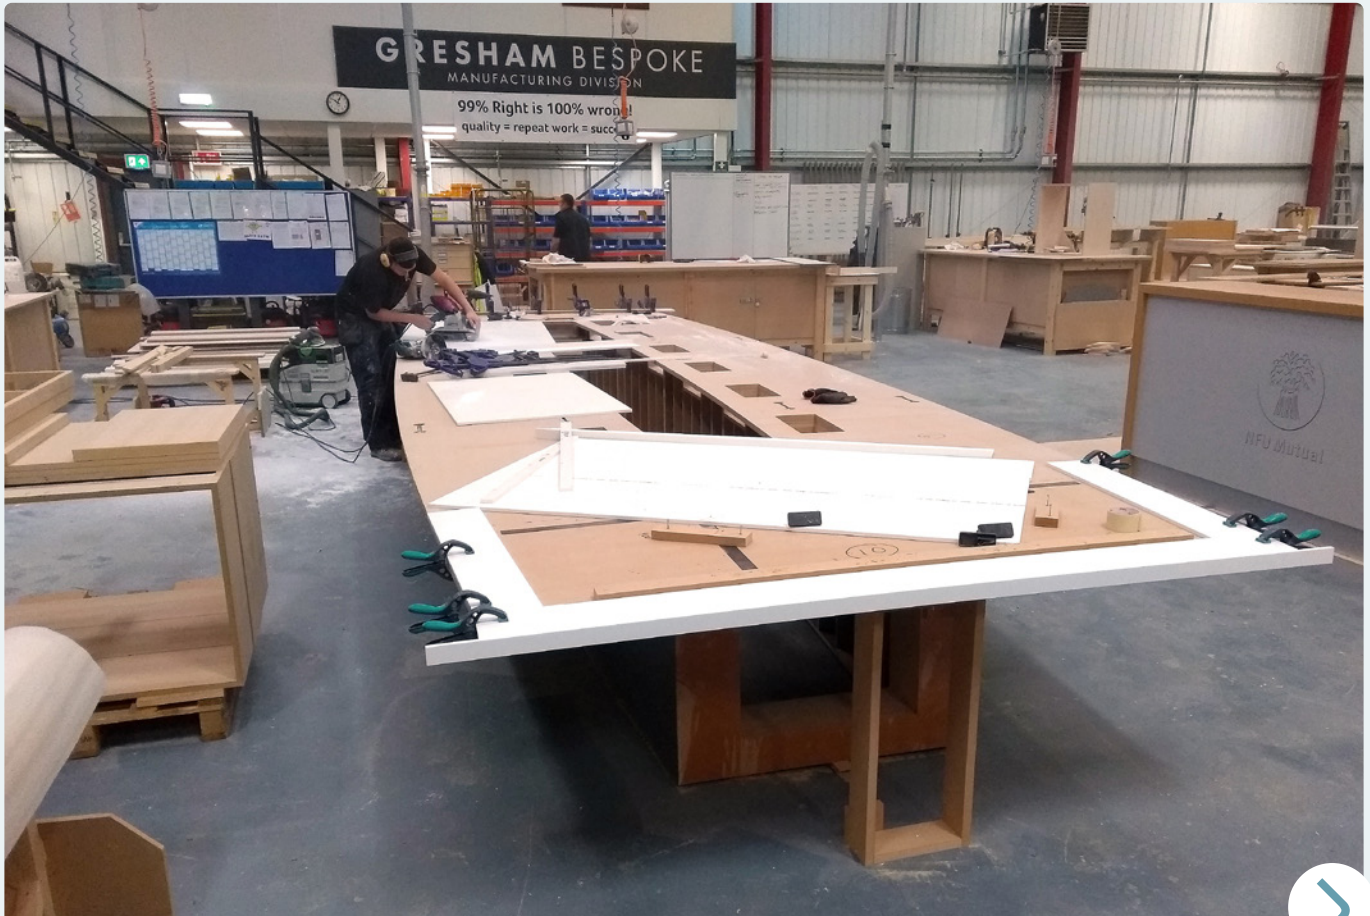

6

Whether it's a simple drop-off on site or a complete fitted solution, it's all part of our complete service in supporting you. It doesn't stop there either. If needed, once the furniture is installed we can offer user guides and explanations to ensure each user benefits from the experience.

CASE STUDY BESPOKE

Bespoke

FINISHES & ADDITIONS

BESPOKE

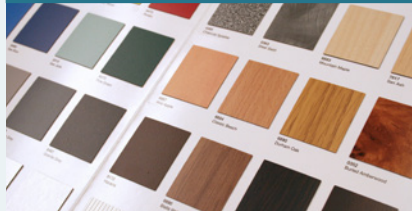

We work closely with Architects, Designers & End users to help choose and specify finishes taking into consideration: Design, Manufacturing process, Durability & Budget.

GRESHAM STANDARD MFC

Standard range of finished available in 18mm, 25mm & 36mm thick board. ABS edging is available either 1mm or 2mm thick in a matching finish or Multiplex. Refer to the Gresham Product Guide for available MFC finishes. Samples can be requested by contacting your account manager or our sales department.

GRESHAM STANDARD HIGH PRESSURE LAMINATE

Matching laminate finishes that complement our standard MFC range. The core material is MDF, available with ABS edging at 1mm or 2mm thick with a matching finish or Multiplex. Refer to the Gresham Product Guide for available laminate finishes. Samples can be requested by contacting your account manager or our sales department.

NON STANDARD HIGH PRESSURE LAMINATE

We offer hundreds of finishes from a range of manufacturers including plain colours, wood grain effect, textured finish, matt, high gloss, patterned and metallic finishes. Due to the wide range available, we do not hold samples in stock but they can be requested direct from the manufacturer. Alternatively email bespoke@gof.co.uk to request samples on your behalf.

REAL WOOD VENEER

We can select veneers with unique grain patterns to suit individual products highlighting the natural beauty of a wood finish. European Oak, Maple, Ash & American Black Walnut are all available. Samples can be requested by contacting your account manager or our sales department.

SOLID SURFACE

Solid surface is an extremely versatile material that can be shaped and formed with seamless joints using thermoforming. The option for engraving is also available when choosing a solid surface finish. As an approved Corian fabricator we can offer a 10 year guarantee on our products.

SIGNAGE

Units can simply be customised to suit your building and work requirements to feed all the services through the furniture, directly to any reception equipment.

GLASS

We can finish our units with toughened glass. Available as back painted or with coloured film backing, straight or curved.

GLASS COUNTER

Available as straight or curved units, adding a clear protective layer.

GLASS FRONT

Connected to rectangular base, block or hutch adding a touch of finesse.

LIGHTING

This subtle addition can highlight kick-plates, counters or recesses. This is supplied in a selection of styles to suit the application.

CABLE MANAGEMENT, TRUNKING AND OUTLETS

This addition can personalise the units, whether fitted to base units or hutches, glass or acrylic panel.

FEATURE INLAYS

Adding more finesse to standard units, these strips are used to decoratively 'break-up' vertical surfaces and can be colour coordinated to suit with kick-plates.

GATE AND FLAP

Used to enclose users whilst providing access when units are adjacent to walls.

OSCAR

DESIGNED BY
JONES & PARTNERS

Oscar makes light work of long days at the office. Its sleek, modern styling cleverly hides innovative flexibility: interchangeable backrests that allow you to personalise your chair. Choose from a rainbow of colour options across frame, back panel, optional sprung headrest and seat. Lumbar support comes as standard and it's easy to adjust. Comfortable and dependable, every office needs an Oscar.

Task & Visitor
Seating

KAST TASK & VISITOR

Kast is characterised by a single piece shell with a choice of mechanism which is concealed within the seat and simply adjusted by semi concealed triggers. Kast's strength lies in its innovative high resistance inner structure, adding to the environmental story of the chair.

Available with or without elegant die-cast aluminium armrests in a selection of colours which move with the body of the chair. With the technology hidden inside the shell and covered by a wide range of fabrics the underside is tidy and compact.

Product Features

KULTURE TASCA

TASK & VISITOR

Introducing the Kulture Tasca Chair - the perfect solution for a comfortable and stylish office seating option. Designed with ergonomic features, the Kulture Tasca Chair provides ultimate support for your back, neck, and shoulders, ensuring you can work comfortably for hours on end.

The contoured mesh backrest allows air to circulate freely, keeping you cool and comfortable during long working sessions. The seat is fully adjustable in height, tilt, and tilt tension, allowing you to customize the chair to your exact needs. The synchronized tilt mechanism ensures that the seat and backrest move in unison, providing a smooth and effortless reclining experience.

With a sturdy five-star base and smooth-rolling casters, the Kulture Tasca Chair allows for easy movement around the office, while the armrests provide additional support for your arms and shoulders. The Kulture Tasca Chair is not only functional, but also sleek and stylish, with a modern design that will complement any office decor. Available in a range of colours to suit your preference, this chair will make a statement in any workspace.

Panaz Harvard Cream 805 (Band 3)

The GC5 chair is a transitional chair that supports agile learning environments where teaching and training modes are fluid and traditional chairs and desks just won't do. They are designed to combine mobile seating with personal storage whilst providing a robust surface which can be utilised for paperwork tasks, when using portable electronic devices or when moving from collaborative to individual working scenarios.

LS37

TASK & VISITOR

5 Year
Guarantee

Thanks to its active movement, LS37 helps to provide a healthy sitting experience. With its' smooth motion and practicality, the pivoting base allows the user to sit with an open leg angle which helps to alleviate pressure placed on hips and lower back, as well as feet, ankles and legs; comparative to the detriment of sitting with a traditional posture. The stool can also be used as a 'perch' when using a Sit/Stand desk with its height adjustable column.

From L/R Kvadrat Canvas 2 0684 (Band 4) and Kvadrat Canvas 2 0644 (Band 4) with White Frame

In keeping with our social responsibility, we introduce this sustainable chair design; a simple but unique chair made of recycled Felt (60% recycled PP bottles and 40% non-woven textile).

Vona is a conference chair that can be stored into vertical stacks. The seat consists of ergonomic triangular plates allowing comfortable sitting by adapting to the body.

LG4 CHROME CAFÉ

2 Year
Guarantee

The LG4 collection has been developed to add modern style, comfort and practicality to any interior. Beautiful design is complemented by utilising the latest materials science to provide lightweight yet strong models that will stand the test of time. In its simplest form, this family offers steel four legged or sled framed options featuring a clean, bright chrome finish. These lightweight, yet durable chairs are designed to stack; simply reducing the space taken when not in use.

ELSA BEAM

BEAM SEATING

2 Year
Guarantee

Elsa Beam is a premium and robust beam system that lends the design from our Heavy Duty chair range for a secure and comfortable waiting room row seat. The units are ideal for hospital and medical reception rooms, waiting areas and other public area environments. The fully upholstered CMHR foam back is offered in high, full and three-quarter size with a similarly upholstered seat for ultra-comfort for long periods of sitting. Elsa Beam is available as two, three or four seats with table configurations and a choice of a triangular frame or angular frame for a modern look and premium feel. Triangular end frames have pre-drilled holes for floor fixing.

SJX BEAM

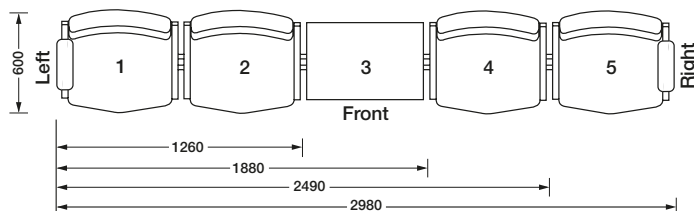

BEAM SEATING

2 Year
Guarantee

SJX Beam is the perfect seating solution for a variety of applications, with fully upholstered, mesh back and upholstered seat or plastic seat and back options and four coloured plastics. The shape of the seat back promotes good posture for long periods of sitting, preventing back ache. For areas with high traffic, alternative floor fixing end frames are offered to allow for units to be bolted to the floor for health and safety reasons. SJX Beam is available as two, three, four or five seats with table configurations.

Technical Data

Seat Height: 460mm; Height Over Arms 685mm

All dimensions are approximate and are for guidance only.

GRESHAM

LOUNGE

Introducing Elco, designed to elevate the look and feel of any space.

With clean lines and a contemporary aesthetic, this capsule range is the perfect balance of style and function. Designed with the highest quality materials and craftsmanship. Each piece is crafted to provide maximum comfort and durability, with a focus on sleek design and versatility.

It is also our most sustainable product.

Integral to Elco, is its load-bearing rigid polyurethane insert which includes embedded steel bushes for structural frame mounting.

Our commitment to excellence doesn't stop there. Items within the range are crafted from responsibly sourced materials, such as FSC certified wood and recyclable content, ensuring minimal environmental impact. We partner with suppliers who share our values, using eco-friendly manufacturing processes and reducing waste wherever possible. Due to its innovative production methods, Elco can be recycled without stripping the outer foam - unlike other products currently produced of a similar design.

Whether you're relaxing or meeting with colleagues, our new family of products will work your space.

Monoko: For contemplation or collaboration

Designed with the needs of the modern mixed-use space in mind, our Monoko collection of single and dual chairs is stylish and comfortable in equal measure.

Available as either a single, or double seater, with frame in a natural or dark wood finish, plus bespoke choice of fabrics – from on-trend seventies' inspired mustard to pared back charcoal grey – Monoko's chic, Scandinavian style offers comfort to those seeking anything from contemplative quiet to a collaborative chat, whether in a workplace, home, or hospitality environment.

Lounge

This classically designed chair is both timeless and elegant. Its moulded seat shell and tailored upholstery provide a feeling of luxury and comfort.

The high-back wing chair also offers a sense of tranquillity due to its acoustic properties and as such is perfect for breakout areas, lounges and busy spaces where an oasis of peace is desired.

The Hecta is available with three styles of base with either one-tone or two-tone upholstery which has comfort as well as a look which is contemporary as well as timeless and elegant.

Opso
Designed by Richard Jones

Introducing Opso, a brand new, innovative soft seating bench designed by Richard Jones. Renowned for his pared back, understated creations. This inverted triangular bench is visually eye-catching and will create a lasting impression; and with the accompanying table, it can be arranged into a myriad of configurations to suit any environment. Available in single or two tone fabrics with oak Texwood legs, the Opso offers an oasis of comfort within the workplace.

BETIBO LOUNGE

Gresham’s new Betibo family of chairs. Designed for high-volume use, the Betibo family is perfect for use in conference rooms, cafes, or university meeting rooms where you have large groups of people to accommodate. Available as a standard-sized chair with or without arms, your guests will enjoy ultimate comfort during their visit. The Betibo family also includes a stool option that pairs perfectly with high tables such as our Deck, GD10 or GD1 Poseur brands to create a functional yet stylish work area. Alternatively, the stool will complement your breakfast bar or standing tables to create a relaxed environment for any hospitality area. Available in a variety of fabrics, our Betibo family of chairs will fit into your design scheme perfectly.

PENNINE LOUNGE

Pennine is the ideal choice for heavy-traffic environments that need the ‘wood-frame’ look.

- Laminated Beech frames provide strength and style.
- Cushioned upholstery allows specifiers to choose to match interior decors.
- Chairs are available with or without arms, left or right hand arm or stackable with matching reception tables.

GRESHAM

SOFT SEATING

Kulture

Kulture Capaldi is an easily reconfigurable modular sofa designed specifically with the contract market in mind. The organically shaped rectangular units can be used individually, laid out in structured patterns or scattered throughout a space to create adaptable seating arrangements. The versatility of the design is endless, modules can be connected together in various ways, optimising soft seating in areas with space constraints in both public zones and private areas.

TIROS

SOFT SEATING

5 Year
Guarantee

The perfect balance of form and function, our Tiros seating collection combines comfort with practicality. A cushioned back and base is complemented by the useful addition of an in-built table, just the right size for a laptop and a cup of coffee. Boasting a statement metal frame, which encases the cocoon-style seat within, the design - available in 4 variations: a high or low back single-seater and a high or low back two-seater - offering a chic solution for hospitality and workplace settings. The Tiros range is available with a Black, White, Grey or Silver Frame, and upholstered in a singular or two-tone fabric.

*Cushions included in the price

Soft Seating

TAKE OFF LITE SOFT SEATING

Take-Off Lite is a modular upholstered sofa system that can be used to delineate mid floor or perimeter spaces in those 'away-from-desk' areas, making it great for busy workplaces or public use.

Its seat and back can be matched, or complemented to provide additional visual interest, whilst Take-Off Lite's light-weight skid frame provides simple elegance whilst allowing modules to be easily configured to the desired layout.

Modules are available with or without backs, in single or twin seat options. Each unit can be matched to each other in any combination or used individually providing flexibility for your working landscape.

TAKE OFF PLUS HIGH BACK SOFT SEATING

5 Year
Guarantee

Take Off Plus is an extension to our popular Take Off sofa system with the addition of stylised surrounds, integrated tables and technology.

Upholstered surrounds are available in two heights allowing Take Off Plus to blend collaborative working hubs with breakout spaces or quiet, concentration areas - making this distinctive family ideal for the modern workplace landscape where space is at a premium and multi-functionality is key.

The taller backed models within this family are set to the ideal height to offer privacy for users whilst allowing those around to see whether pods are occupied or not. They provide acoustic dampening when socialising or holding meetings in open-planned areas, without restricting existing lighting or air circulation within the room in which they are installed.

Take Off Plus Media Units have integrated cable access behind TV mount and below table height.

TAKE OFF PLUS LOW BACK SOFT SEATING

5 Year
Guarantee

Take Off Plus is an extension to our popular Take Off sofa system with the addition of stylised surrounds, integrated tables and technology.

Upholstered surrounds are available in two heights allowing Take Off Plus to blend collaborative working hubs with breakout spaces or quiet, concentration areas - making this distinctive family ideal for the modern workplace landscape where space is at a premium and multi-functionality is key.

The lower backed models are designed to coordinate with the higher models or for use on their own. These modules can be used equally effectively in open planned clusters, around the perimeter of a room or individually placed. The lower surrounds provide users with a feeling of security whilst allowing specifiers to inject two-toned colour options into their workspace.

UNOA BOOTH SEATING

BOOTH SEATING

As the needs of the workplace have evolved over the last two-years, we, in turn, have adapted our product offering to include pieces such as the Unoa Booth Seating. Allowing for small meetings to take place in a comfortable yet private setting, Unoa's acoustic properties are unparalleled for a solution of its size. The design also allows for inclusion of a monitor* for supporting presentations and video calls, which, thanks to the optimal acoustics of the Booth Seating, can be carried out with minimal disturbance to those working nearby. Choose from either a Natural Oak or Dark Walnut finish for Unoa's frame.

*Monitor not included

LEATHER GROUP 1

Crest / JMT Shelly

Leather Group 1 is for selected Shelly hides. Other colours from this range are available but could be subject to a surcharge dependant on leather maximisation, POA. Please note that all leathers are subject to natural markings and variations in shade. These natural bruise marks distinguish it from man made imitations. The variations are features, not faults.

Black

Cream

OTHER INFORMATION

Fire Retardancy

All information regarding fire retardancy has been provided by the fabric manufacturer.

Flame Retardancy Ratings:

- C&M Cigarette and Match = Low Hazard
- C&M* Cigarette & Match as standard. Can be treated to achieve Crib 5 upon request.
- CRIB 5 Medium Hazard
- CRIB 5* Medium Hazard when used over CMHR 50kg Foam.

Abrasion

All information regarding abrasion has been provided by the fabric manufacturer and communicates wear resistance as determined by the Martindale abrasion test.

Vinyl

Fabrics marked with  are Vinyl.

Product lead times may be affected by the fabric selected. Please contact our Sales Department for further information.

Please Note:

Fabrics other than those listed above are available. These fabrics may require testing to ensure their suitability for use on the intended product. Not all fabrics shown are suitable for use across all ranges within this document. Due to their specification, certain fabrics may have a detrimental effect on the final appearance of a product.

WOOD, METAL & LAMINATE FINISHES

TECHNICAL INFORMATION

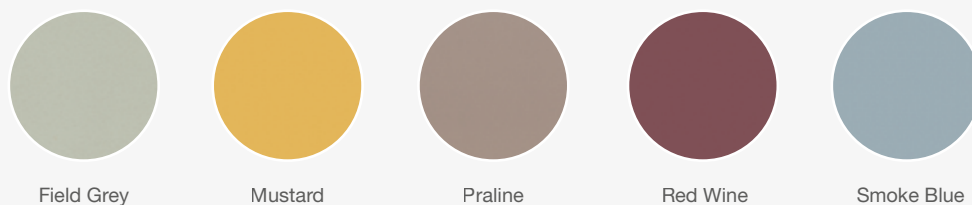

GRESHAM MFC COLLECTION

A chic choice of 13 classic wood grain finishes and 5 fashionable yet subtle colours.
Match or complement your chosen MFC with environmentally friendly, superior high impact resistant ABS edging.

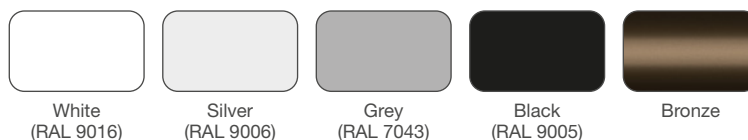

THE PASTEL MFC COLLECTION

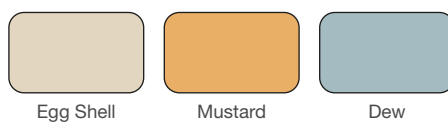

Accent Colours for Doors and Drawer Fronts only.

METAL FINISHES

PASTEL METAL FINISHES

THE FENIX COLLECTION

Fenix, the nanotechnological material from Arpa Industriale, has revolutionised the world of interior design. It is not only beautiful to look at but, most importantly, it is also a high-tech material, made unique by its characteristics.

Fenix has these characteristics by undergoing a particular series of processes, including a multilayer coating and the use of next-generation nanoparticles and acrylic resins, which are hardened and cured through an innovative Electron Beam Curing process. This process makes the material anti-fingerprint, soft to the touch, opaque and extremely durable, so much so that it can withstand serious knocks and scratches, but also makes it highly resistant to the aggressive action of solvents and reagents typically used for household cleaning.

Fenix is also heat-resistant. Additionally, should the surface have superficial microscratches, heat actually helps to repair them. The surface of the material is scattered with a dense grid of crosspolymers with their own memory, which can be reactivated by the application of heat.

Fenix is also water-repellent, hygienic, thanks to its effective bacteria-killing action, and resistant to mould.
All of these make it a perfect surface for contact with food and very easy to clean.

We have a large selection of matching Edging to choose from that perfectly complements our Fenix Collection.

FENIX®

THE KIKO COLLECTION

A deluxe selection of plain colours, wood grain effect High Pressure Laminate finishes.
Match or complement your chosen Laminate with environmentally friendly, superior high impact resistant ABS edging.

ICONS KEY

SYMBOLS USED THROUGHOUT THE BROCHURE

Selected items within this range are stackable. These items are identified within the product description.

For further information regarding stacking quantity -

Please contact our Sales Department.

Items are available in a variety of fabrics. A number of products possess certain upholstery restrictions - these are therefore available in selected fabrics only and are identified within this brochure.

For further information regarding fabric suitability.

Please contact our Sales Department.

Arms are available on designated product ranges as indicated within the relevant product thumbnails. Colour / Finish options are indicated on relevant product pages - where applicable.

For further information regarding Arm options.

Please contact our Sales Department.

Feet are available on designated product ranges as indicated within the relevant product thumbnails. Colour / Finish options are indicated on relevant product pages - where applicable.

For further information regarding Feet options.

Please contact our Sales Department.

Items include Reflex Foam Structure as standard.

Level 'S' tested to BS5459: Part 2: 2000.

Extreme Comfort.

Consistent Shape Retention.

Durability and long life

Excellent Fire Retardant Properties.

You can find dimensions for all products in the technical data section of this brochure

We recommend that you request fabric samples prior to ordering

Two tone upholstery is available on selected products

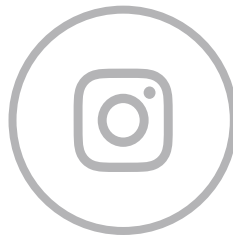

Please Note: All images shown are for illustrative purposes

Some aspects of certain products may differ

Please contact our customer services department with any queries
